

■ Freezer with glass door | Melios series 580 GN2/1

Freezer with glass door, inside and outside made of stainless steel, hygienic design, evaporator-free cooling compartment, with convection refrigeration and self-closing door, lockable. The Electronic control is equipped with an automatically ECO-Mode, fan and defrost control by demand and an illuminated 3-digit LCD display. 9 cm insulation, cooling compartment with integrated shelving rails – no additional parts, recessed floor with hygienically rounded corners, door projection into the cooling compartment.

Temperature:	-15°C / -22°C
Capacity per section:	580 liters
Refrigerant:	R290
Accessories:	4 racks, stainless steel LED illumination, Door-opening pedal

Built-in Cooling

Automatic defrosting and evaporation of the defrost water using hot gas, cooling aggregate for ambient temperatures of up to +43 °C, ready to plug in

Dimensions	720 x 840 x 2050 mm (L x D x H)
Connected load	580 W / 230 V
Refrigeration output	670 Watt -30°C evap. temp.
Power consumption	4,1 kWh / 24 h

Article no.

HKMTV58-ME

Remote Cooling

Ready for connection by customer, automatic defrosting and defrost water run-off, incl. expansion valve

Dimensions 720 x 840 x 2050 mm (L x D x H)

Connected load 180 W / 230 V

Refrigeration output 670 Watt -30°C evap. temp.
